

Charles Clinton Pustejovsky III

EXPERIENCE

KyckGlobal, Atlanta, GA — *Back-End Developer*

NOVEMBER 2020 - PRESENT

Established the use of best practices for idiomatic Go and Test Driven Development to decrease technical debt of new initiatives using Go.

Diagnosed API's unreliable payment handling using DataDog and Kibana and refactored code to asynchronously handle payment errors

Audited DynamoDB database, added global secondary indexes, and refactored database connections to allow service to scale up to meet new demands.

Refactored API to block payments from prohibited countries

Refactored Bulk Payee Upload with correct error handling

Updated API endpoints with JSDoc style documentation

DecisionIQ, Atlanta, GA — *Front-End Developer, Short-Term Contract*

JUNE 2020 - AUGUST 2020

Mobile optimized navigation, tables, and user-facing components

Helped build Miller columns to clearly display hierarchical data

BitPay, Atlanta, GA — *Content Specialist/ Marketing Developer*

APRIL 2017 - APRIL 2020

Created headless CMS for blog and press page on Nuxt.js site which reduced context switches for developers

Wrote a jQuery script which allowed marketing's landing pages to comply with GDPR.
